When abuse happens, child victims find help with us. KIDS HOUSE OF SEMINOLE is our community's response to child abuse. Kids House has trained professionals who specialize in forensic interviews, medical exams, assessment and mental health treatment, and victim support services. The child-focused environment and streamlining of services means children are less likely to suffer additional trauma through their investigation and can focus on healing. Our staff works with law enforcement and child welfare professionals as well as the public to help victims and stop abuse. At our Children's Advocacy Center, children find help, are given hope, and begin healing along with their family.

Choose your sponsorship opportunity or individual tickets.
See RSVP options on card to the right.
